2 Action

A

Accessing ADPS Civil Rights Database

The ADPS Civil Rights database is accessible through Option 7, “**Other Inquiry**” on the ADPS Screen. Records may be viewed by employees with active ADPS ID’s.

B

Adding New Claimant Records to ADPS Civil Rights Database

LMD will continue to add new claimant records to the ADPS Civil Rights database. Additionally, select LMD employees have the capability to update all fields in the claimant records. State Offices shall contact LMD when corrections are needed to a claimant record.

C

Updating Claimant Records Through ADPS Civil Rights Database

Maintenance of the ADPS Civil Rights database is mandatory. Claimant records **must** be updated to prevent FSA from inadvertently providing priority consideration for any 1 type of assistance more than once.

State and County Office employees should refer to ADPS Manual Chapter 22, “Approved Civil Rights Claim Priority Activity,” for instructions on entering data into ADPS claimant records.
